

TECHNICAL SKILLS

STRONG

- Javascript
- React
- React-Redux
- NodeJS
- mySQL
- JQuery
- Express
- Axios
- HTML5
- CSS3
- Bootstrap 3&4
- Flexbox

EXPERIENCED

- PHP
- PM2
- Discord.js
- Ytdl-core
- Regex
- AJAX
- Materialize

TOOLS

- Git, Github
- Chrome Dev Tools
- Agile Method
- Scrum
- MeisterTask
- JSDoc
- MAMP
- VS Code
- Slack
- Discord
- Gimp
- Photoshop

APPLICATIONS DEVELOPED

Juice Query (Vape Juice Review Website)

- Acted as project leader fullstack to ensure cohesion between front-end and back-end Teams utilizing **Agile Methodologies** and **Scrum**
- Built client using **React / Redux**, **Bootstrap 4** for mobile responsiveness
- Created a **NodeJS** api server to query **MySQL** database with **Express** and **Axios**
- Create **user authentication** login system as well as **form verification** logic
- Version control using **Git/Github**

Oregon Trail Memory Match

- Card Data and events triggered using **OOP**
- Dynamically created cards using **Jquery**. Three levels (good luck on LVL 3).
- Style for the game utilizing custom **CSS3** as well as skills in **Gimp** and **Photoshop**

Calculator (PEMDAS)

- Dynamically append math history to display **Jquery**
- Calculations and logic using vanilla **Javascript**
- Styled using **Bootstrap 4** for mobile responsiveness

EXPERIENCE

Operating Engineer/Field Superintendent, All American Asphalt

Corona, California — 2007- Present

- Manage and supervise up to 25 employees to achieve daily progress on site

EDUCATION

LearningFuze Web Development Program

Student -- 2018 1000+ hours of coding

Coastline Community College

SYSTEMS C150 Intro to C++

PERSONAL

If I am not coding you can find me cooking or playing video games. I'm very good at video games.
